POWERPOINT TEMPLATE HELP FILE

CLAYMOON

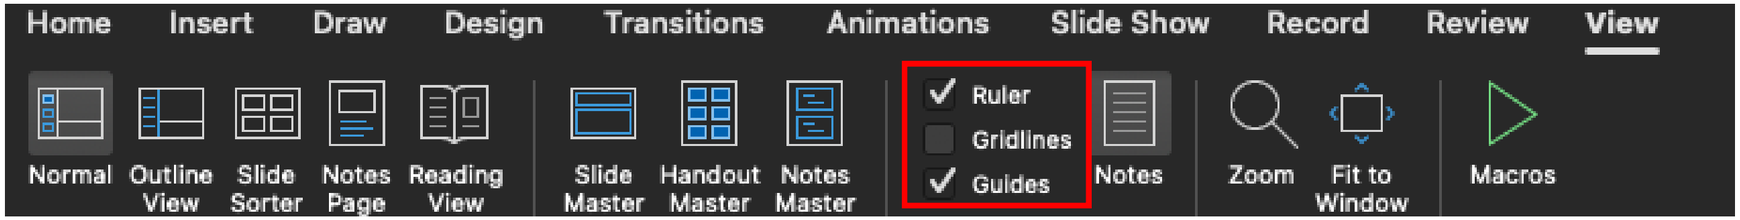

Complete Instructions for Editing and Using the Template

Welcome to This Guide!

Whether you’re new to Power Point or have some experience, this document offers a comprehensive step-by-step approach to editing, customizing, and exporting your presentation slides.

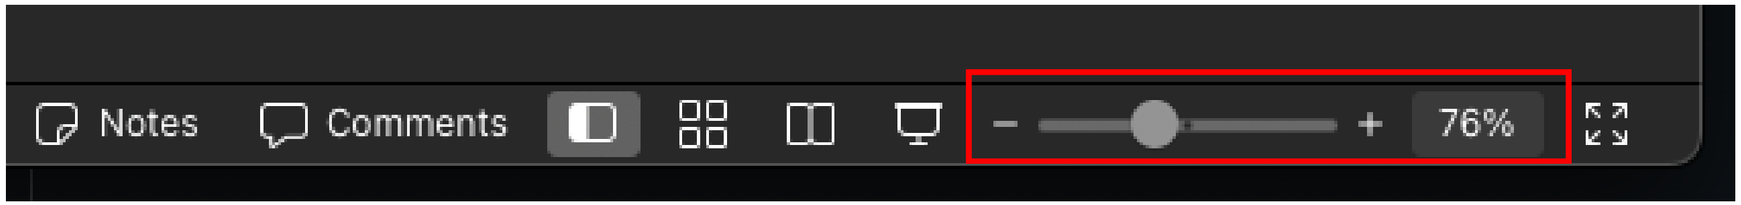

SHOW RULER, GRIDLINES AND GUIDES

1. Go to View Tab
2. To display the ruler, gridlines and guides, please check the corresponding box

Please adjust the zoom level accordingly, either by zooming in or out.

1. To zoom in or out, hold down the CMD (on Mac) or CTRL (on Windows) key while scrolling your mouse.
2. Alternatively, you may drag the zoom tool located in the bottom right corner.

DOWNLOAD AND INSTALL FONT

DOWNLOAD FONTS

1. Fonts dowload link is available in the Font Guide
2. Follow the link and download the fonts

INSTALL THE FONTS

1. Extract .zip
2. Double click .ttf/.otf file
3. Click Install

DUPLICATE SLIDES

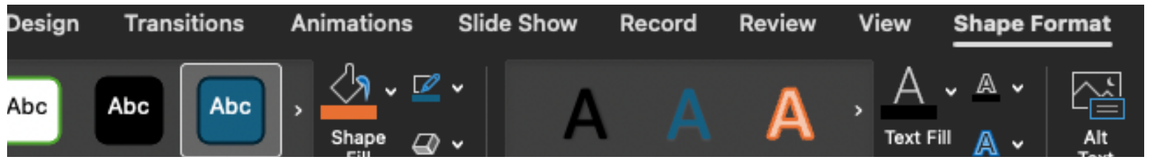

1. Click the object, picture, or element, then press CMD (on Mac) or CTRL (on Windows) + D.

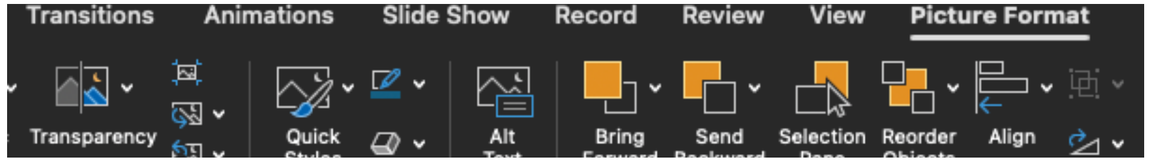

ADD IMAGE IN PLACEHOLDER

1. Click on the placeholder to browse and select an image, or alternatively, you may drag and drop the image directly.

RESIZE AND CROP PICTURE OR SHAPE

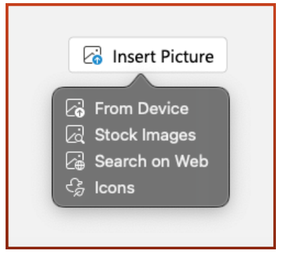

1. Click the image/shape
2. Go to Format tab (Picture Format or Shape Format)
3. Adjust your image and shape

RESIZE AND CROP PICTURE OR SHAPE

1. Click image icon in the placeholder
2. Select your image by clicking on an option **from device**, browsing **stock images**, or conducting a **web search** for icons.
3. Click Insert

Insert the image beneath the shaded layer.

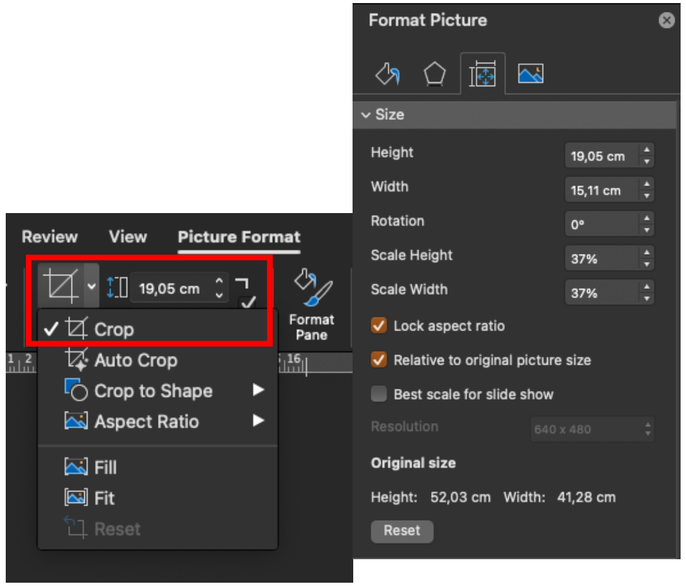

4. Right-click on the image and select "Send to Back."

REPLACE OR ADD AN IMAGE IN THE PLACEHOLDER

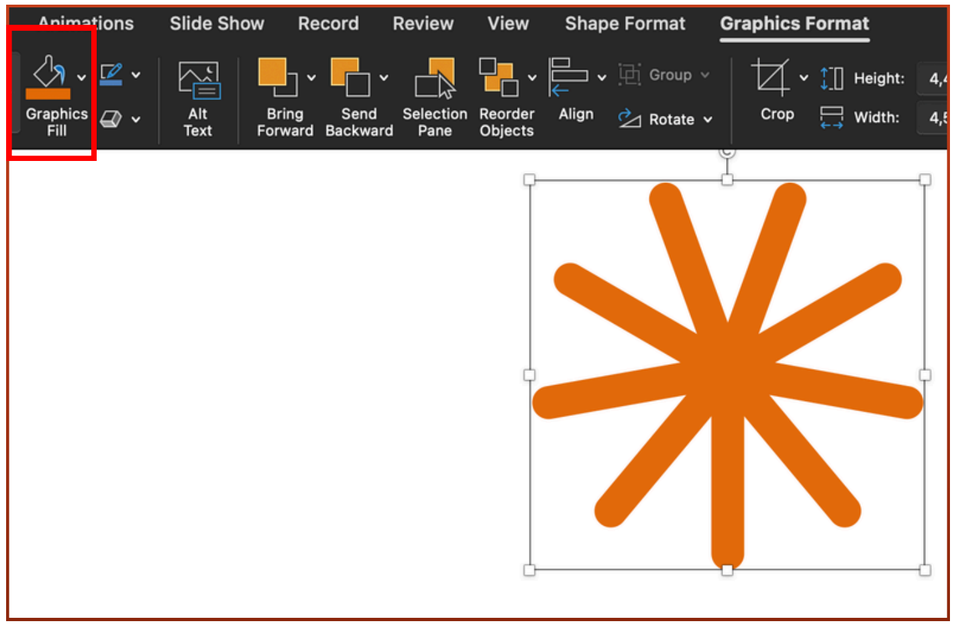

Correct your distorted image using the crop tool.

1. Click the image
2. Go to Format tab
3. Choose Crop and adjust your image

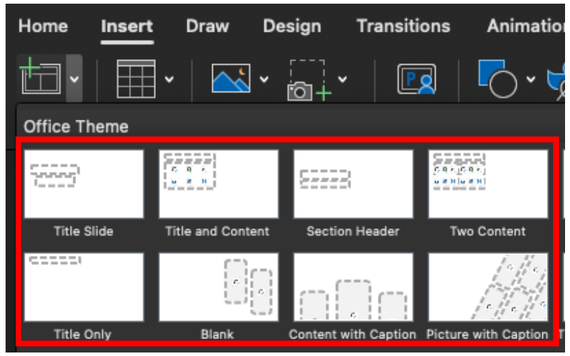

MODIFY THE COLORS OF THE ICONS OR GRAPHICS

1. Click the icon or graphic
2. Navigate to the Graphics Format rather than the ~~Shape Format~~.
3. Select the desired icon or graphic.
4. Choose your preferred color.

CHOOSE AVAILABLE LAYOUTS

1. Click on the "Insert" tab.
2. Select "New Slide."
3. Choose the desired layout.

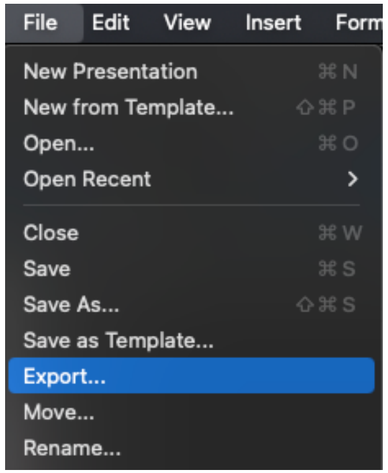

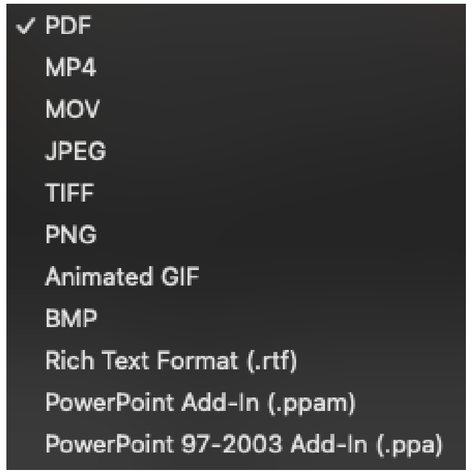

RESET SLIDE LAYOUT SETTING TO DEFAULT

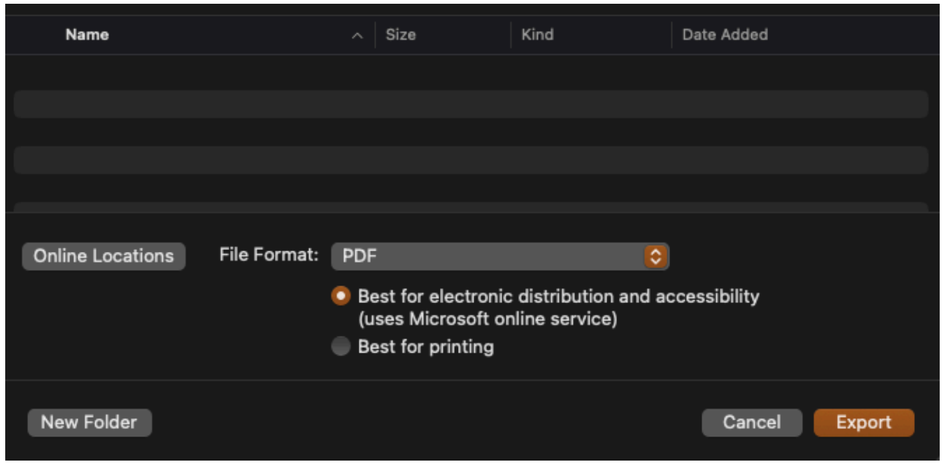

1. Click on the "Insert" tab.
2. Select "New Slide."
3. Choose the desired layout.

EXPORT TO PDF

1. Click on the File tab.
2. Select "Export"
3. Choose "PDF File Format."
4. Select the option that best suits your needs, whether for electronic distribution or printing.

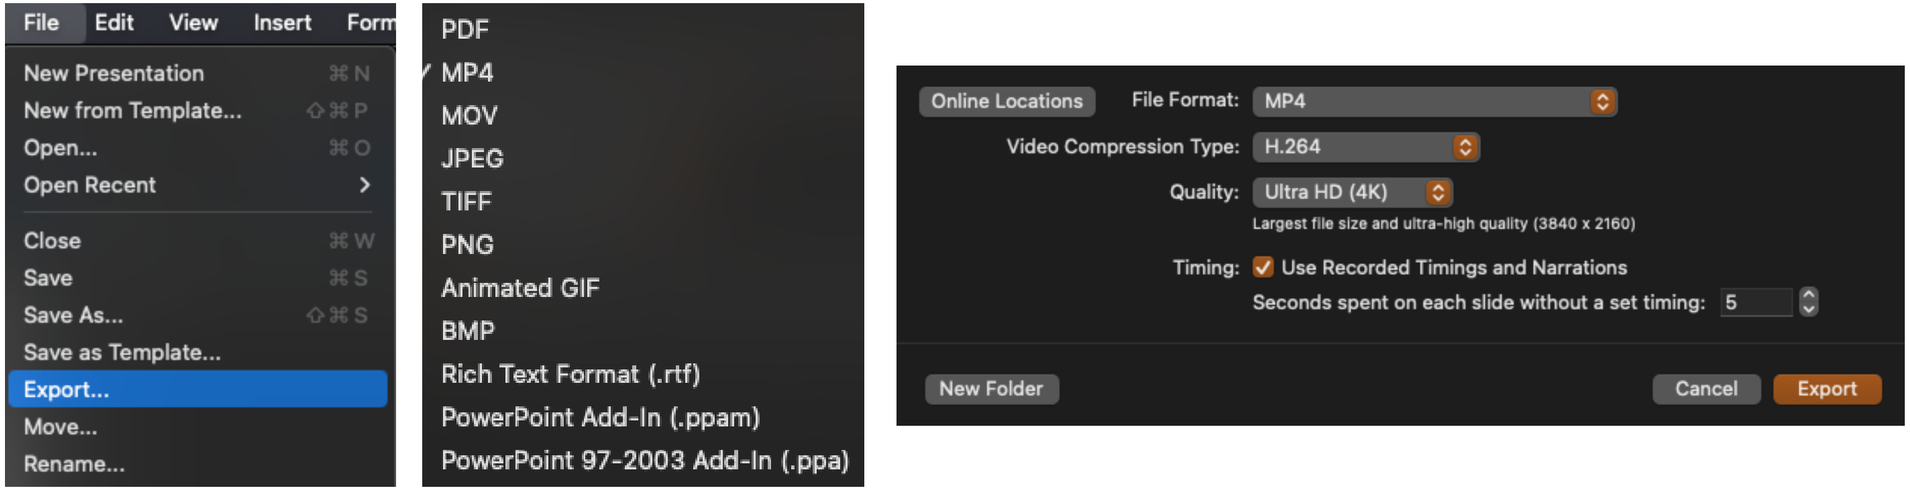

EXPORT TO VIDEO

1. Click on the "File" tab.
2. Select the "Export" option.
3. Choose either the MP4 or MOV format.
4. Select your desired video compression type: H.264 or HEVC.
5. Choose the quality; it is recommended to opt for Full HD (1080p) or Ultra HD (4K).

THANK YOU!
